

SR003_7: Failed Bank Report

Bradford Bank

6900 York Road
Baltimore, MD 21212

(1/1/1903 –8/28/2009)

Report Objective

This report has **two** objectives, using the bank's **data***:

1. To examine the bank finances in the quarters prior to its failure.
2. To analyze the bank finances using our Key Performance Indicator (KPI) scoring approach to determine if the bank's failure is something we could have predicted.

*Data source: FDIC and company filings.

Report Summary – *Surprise?*

Based on the methods with which we analyzed Bradford Bank, its failure was ***not a surprise.***

Here are the indications that Bradford Bank should fail:

- 1) **Bradford Bank's normalized income has shown stress in the two quarters prior to its failure.**
- 2) **The bank's weighted delinquent assets have been significant for the last three quarters.**
- 3) **The bank's asset to liability ratio dropped below 107% two quarters prior to failure. It had a 100.37% ratio the quarter before it failed.**
- 4) **Bradford Bank had a bankability composite score of -2.76 the quarter before it failed, indicating the bank's very poor overall financial health and likelihood to fail.**
