

SR003_7: Failed Bank Report

First DuPage Bank

520 North Cass Avenue
Westmont, IL 60559

(6/28/1999 – 10/23/2009)

Report Objective

This report has **two** objectives, using the bank's **data***

1. To examine the bank finances in the quarters prior to its failure.
2. To analyze the bank finances using our Key Performance Indicator (KPI) scoring approach to determine if the bank's failure is something we could have predicted.

*Data source: FDIC and company filings.

Report Summary – *Surprise?*

Based on the methods with which we analyzed First DuPage Bank, its failure was ***not a surprise***.

Here are the indications that First DuPage Bank should fail:

- 1) **First DuPage Bank's normalized income experienced a total loss (of its total asset) of over 9% over the last 2 quarters.**
- 2) **Its weighted delinquent asset ratio exceeded 12% in the last quarter, an abnormally high percentage compared to other banks in the same specialization.**
- 3) **The bank's asset to liability ratio dropped to 96.91% ratio the quarter before it failed, meaning it was no longer about to meet its financial obligations.**
- 4) **First DuPage Bank had a bankability composite score of -67.31 the quarter before it failed, indicating the bank's very poor overall financial health and likelihood to fail.**
