

SR003_7: Failed Bank Report

Neighborhood Community Bank

145 Millard Farmer Industrial Boulevard
Newnan, GA 30263

(4/20/2000 – 6/26/2009)

Report Objective

This report has **two** objectives, using the bank's **data***

1. To examine the bank finances in the quarters prior to its failure.
2. To analyze the bank finances using our Key Performance Indicator (KPI) scoring approach to determine if the bank's failure is something we could have predicted.

*Data source: FDIC and company filings.

- * All internal news are written in blue color.

Report Summary – *Surprise?*

Based on the methods with which we analyzed, Neighborhood Community Bank, its failure was **not a surprise**.

Here are the indications that Neighborhood Community Bank should fail:

- 1) **The bank lost around 7% of its total asset in the last three quarters combined.**
- 2) **Delinquent Loan was ranked between poor and very poor in 5 out of 6 quarters.**
- 3) **Neighborhood Community Bank's asset: liability ratio was ranked very poor in the last 2 quarters prior to failure. The A/L ratio was 102.54% in 09 Q1, which is much lower than the dangerous line 107%.**
- 4) **Its Bankability Composite Score was -4.43 before its failure, which was considered to be very poor.**

The combination of all these four indications shows that the failure of Neighborhood Community Bank is within our prediction.
